

**FAASTeam presents:**

# **EAA Chapter 524 Hybrid VMC Club**

The meetings use real-world scenarios to engage members, and allow a free exchange of information that improves awareness and skills. The intent is to create a community of pilots willing to share information, provide recognition, foster communications, promote safety, and build proficiency.

The VMC Club monthly programming is developed and produced by EAA, but it does not use a lecture or presentation format. Instead, an actual scenario is presented and is followed by a group discussion – so audience participation is essential! Since everyone has a different experience level and different airplane capabilities, we can all benefit from the discussion. All experience levels, and both EAA members and non-members are welcome! Question of the Month: What information regarding a planned flight must a pilot determine for any flight (local or cross-country)?

## Event Details

**Wed, Apr 19, 2023 - 19:00 EDT**

**EAA Chapter 524 Education**

**Center**

330 Aviation Way

Frederick, MD 21701

**Contact: Thomas Comeau**

**(443) 538-5637**

Select #: EA07121424

Representative Thomas Comeau

**Directions:** Prior to attending a safety seminar please review and abide by current CDC, State and Local health guidelines. The EAA Chapter 524 Education Center is south of the Frederick Flight Center. Park in front of Frederick Flight Center. Walk south past the Frederick Flight Center building to the first hangar on the flight side - look for the EAA Chapter 524 sign.
